Having worked for over 25 years in the conference industry I have experience of all types of events. I trained as a theatre Stage manager and worked in London's West End before moving into the event industry.

I work as a Showcaller or Stage Manager depending on the clients requirements. I am bi-lingual French/English and have also worked as a client liaison/interpreter for Anglophone clients working in French speaking countries. The projects I have worked on range from Concorde's last flight, Parties at Cannes Film Festival, a Gala evening for heads of State in Cape Town organised by Fortune Time Magazine and Sales Launches for both the Pharmaceutical and Auto industry, with many variations in between.

Companies that I have worked for recently include George P Johnson, Freestate, Brands at Work, Creative Spirit and The Munich Olympic Committee. It is the variety of the work and the teams I work with that makes me love this industry. I aim to bring a professional, can-do, attitude to a project, to work closely with the Producer and technical team to realise their vision and to ensure the smooth running of the event.

I have worked in the conference industry for over 15 years. Starting as an Autocue operator and then working for a production company specialising in graphics and assisting in production. I then worked as a freelance graphics operator for many years. From this role I found it natural to showcall too and although not theatre trained, my general experience holds me in good stead. I now specialise in Production and most of my work is in this role, although I still regularly work as a graphics operator and showcaller.

I find my varied roles in the industry to date really help me to have an in depth understanding. I am a great people person and find this invaluable both with clients and crew. My attention to detail and ability to coordinate projects from start to finish is what really helps me to achieve a successful end result for all concerned.
